## *Health Insurance*

---

We can be your most effective tool in the battle against rising costs. The Benefit Consultants will provide you with insightful strategies along with aggressive negotiation to assure the lowest cost while achieving the highest level of benefit.

With experience in working with a full array of health plans, we can work with employers to develop fully insured, self funded, or partially self funded health plans designed to maximize your benefit while minimizing the cost to your organization.

## *Administration*

---

Benefit Administration can be a time consuming affair for any organization. We can work with you to either perform many of the admin features needed inside of a benefit program or help you in working with outside vendors that fit your needs.

### **Personal Service**

In a day and age when personal contact is a rare commodity The Benefit Consultants shines brightly. We provide speedy, accurate service to not only the benefit administrator but to your organization's employees as well.

### **Partnering With You**

We are partnering with you to provide the most cost effect, administratively efficient benefit program possible. We are constantly searching for new and creative services that we can bring to the table to benefit your organization.

### **Cobra Administration**

We provide COBRA & HIPAA administration for our group health clients. Not only can you enjoy a significant time savings for your organization but you can also be assured of 100% compliance the IRS and DOL regulations.

### **Benefit Books**

We provide professionally prepared employee benefit summaries. Many employers provide volumes of benefit information only to have this information either discarded or worse yet not even read. We provide your employees with a concise summary of all of their benefits in one easy to understand benefit booklet.

### **Annual Open Enrollment & New Hire Orientation**

We will provide your annual open enrollment for your organization. This process can include group meetings, one on one enrollment or many other alternatives. Regarding new hires, our representatives will come on site to do your new hire orientation.

### **Employee Benefit Communication Programs**

We can customize an employee benefit communication program for your organization. Communication programs include information on health plan changes, wellness programs, informing employees of the driving force in rising costs, etc. We will customize communication pieces to your company's need

Administration can be as simple as providing COBRA administration or as complex as establishing a single platform for a full array of benefits. With Flexible Spending Accounts, HRA's and HSA's becoming more popular, having your consultant provide many of those services on a seamless basis can ease administration considerably.

## **Wellness programs**

---

Wellness has been a popular buzzword in the benefits industry for quite some time. We can help you develop and implement an effective wellness program that will deliver results for years to come

## **Ancillary Benefits**

---

With Health insurance driving the cost of many benefit programs, employers have struggled to maintain ancillary benefits. We can help you maintain the most competitive, cost effective benefits programs in the market place today.

Below are just some of the benefits we can help you with and of course we can provide these programs through a wide array of carriers.

- Dental
- Vision
- Disability
- Life Insurance
- Voluntary Benefits
- Flexible Spending Plans
- HRA
- HSA
